

University at Buffalo The State University of New York

Graduate Interdisciplinary Masters Degree Program
Degree Plan: M.S. Social Science (33 credit hours)

The M.S. in Social Sciences Interdisciplinary Program offers students the freedom to design a specialized graduate curriculum, gain advanced training in research methods, and complete a capstone research project. Candidates combine research in a core social science concentration with related course work in a second social and behavioral science discipline, including Anthropology, Communication, Communicative Disorders and Sciences, Economics, Geography, History, Linguistics, Philosophy, Political Science, Psychology, and/or Sociology.
